

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary, calling it "News", days before the election is a clear example of the blatant misuse of their legal obligation to serve the public interest in an unbiased way.

The FCC, as overseer of public airwaves for the people of this country, should stop Sinclair from airing this politically biased material, which they call "News". As a citizen of the US, I demand that the FCC fulfill its appointed duty and demand fairness and equal time for all opinions.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. Thank you.
